

Forward-looking and cautionary statements

Certain statements in this Presentation concerning our future growth prospects are forward-looking statements, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, our revenues highly dependent on customers located in the United States, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, concentration of major operations of the Company in one city, withdrawal of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property and general economic conditions affecting our industry. The Company may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Stock Exchanges and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company.

Performance Highlights

"We are proud to announce another quarter of exceptional performance, with 36.2% year-over-year growth. This sustained momentum is a result of our strong capabilities in designing and engineering new digital experiences, revenue streams, and business models for our clients.

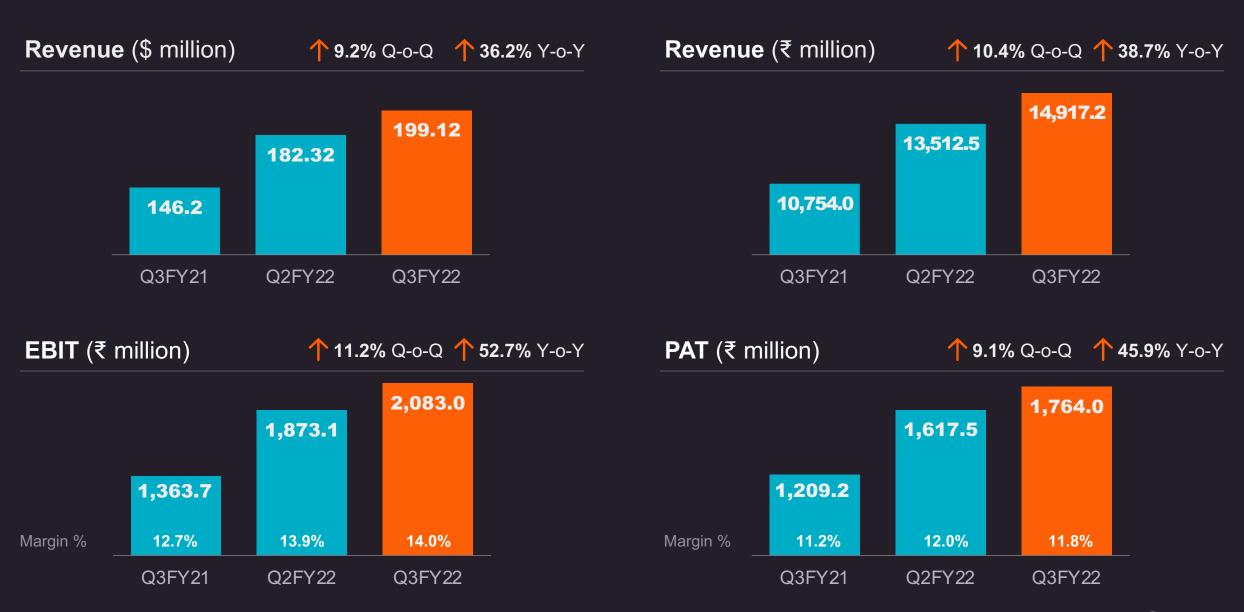

This quarter, we received multiple analyst accolades, including the 2021 ISG Star of Excellence™ Awards for exceptional client service in Analytics, Salesforce, Intelligent Automation, and Manufacturing. As we progress on our growth journey, we will continue to enable our clients with differentiated digital engineering expertise and solutions to help them disrupt their industries and create more value for their customers.

And finally, we welcomed Avani Davda to Persistent's Board of Directors and continued to add new seasoned executives to our leadership team. In addition, we onboarded the first member to the Persistent Advisor Network, Werner Boeing, former Roche Diagnostics CIO."
