**1. Nature of operations**

Persistent Systems Limited (the "Company") is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956 (the "Act"). The shares of the Company are listed on Bombay Stock Exchange and National Stock Exchange. The Company is a global company specializing in software products, services and technology innovation. The Company offers complete product life cycle services.

**2. Basis of preparation**

The financial statements of the Company have been prepared on an accrual basis and under the historical cost convention except for certain financial instruments and equity settled employee stock options which have been measured at fair value. The accounting policies are consistently applied by the Company during the year and are consistent with those used in previous year except for the changes in accounting policies required to be made on adoption of Indian Accounting Standards notified under the Companies Act, 2013.

**Statement of compliance**

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2016. Previous period's and year's numbers in the financial statements have been restated to Ind AS. In accordance with Ind AS 101 First-time Adoption of Indian Accounting Standards, the Company has presented a reconciliation from the presentation of financial statements under Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP") to Ind AS of Shareholders' equity as at March 31, 2016, June 30, 2015 and April 1, 2015 and of the comprehensive net income for the quarter ended June 30, 2015 and the year ended March 31, 2016.

These financial statements have been prepared in accordance with Ind AS 34 Interim Financial Reporting as notified under the Companies (Indian Accounting Standards) Rules, 2015 read with Section 133 of the Companies Act, 2013.

**3. Summary of significant accounting policies****(a) Use of estimates**

The preparation of the condensed financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities at the end of period / year. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

**(b) Property, Plant and Equipment**

Property, Plant and Equipment are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price and directly attributable costs of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Capital work-in-progress includes cost of Property, Plant and Equipment that are not ready to be put to use.

Subsequent expenditure related to an item of Property, Plant and Equipment is added to its book value only if it is probable that future economic benefits associated with the item will flow to the Company. All other expenses on existing Property, Plant and Equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period / year during which such expenses are incurred.

Gains or losses arising from disposal of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is disposed.

**(c) Intangible assets**

Intangible assets including software licenses of enduring nature and contractual rights acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Cost comprises the purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use.

Gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is disposed.

*Research and development cost*

Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognized as an

intangible asset when the Company can demonstrate:

- technical feasibility of completing the intangible asset so that it will be available for use or sale;
- its intention to complete the asset;
- its ability to use or sell the asset;
- how the asset will generate probable future economic benefits;
- the availability of adequate resources to complete the development and to use or sell the asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during development.

Such development expenditure, until capitalization, is reflected as intangible assets under development.

Following the initial recognition, internally generated intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Amortization of internally generated intangible asset begins when the development is complete and the asset is available for use.

#### **(d) Depreciation and amortization**

Depreciation on Property, Plant and Equipment is provided using the Straight Line Method ('SLM') over the useful lives of the assets estimated by the management.

The management estimates the useful lives for the Property, Plant and Equipment as follows:

<b>Assets</b>	<b>Useful lives</b>
Buildings*	25 years
Computers	3 years
Computers - Servers and networks*	3 years
Office equipments	5 years
Plant and equipment*	5 years
Plant and equipment (Windmill)*	20 years
Plant and equipment (Solar Energy System)*	10 years
Furniture and fixtures*	5 years
Vehicles*	5 years

\*For these classes of assets, based on internal assessment and independent technical evaluation carried out by external valuers the management believes that the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives of these assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

Individual assets whose cost does not exceed ₹ 5,000 are fully depreciated in the year of acquisition.

Intangible assets are amortized on a straight line basis over their estimated useful lives commencing from the day the asset is made available for use.

#### **(e) Impairment of Property, Plant and Equipment and other intangible assets**

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors.

Recoverable amount of intangible under development that is not yet available for use is estimated at least at each financial period / year end even if there is no indication that the asset is impaired.

An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

#### **(f) Financial instruments**

##### **i) Financial assets**

###### *Initial recognition and measurement*

Financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

###### *Subsequent measurement*

For the purpose of subsequent measurement, financial assets are classified as:

**- Financial assets at amortized cost**

Financial assets that are held within a business model whose objective is to hold assets for collecting contractual cash flows and whose contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are subsequently measured at amortized cost using the effective interest rate method. The change in measurements are recognized as finance income in the statement of profit and loss.

**- Financial assets at fair value through other comprehensive income (FVTOCI)**

Financial assets that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets and the assets' contractual cash flows represent solely payments of principal and interest on the principal amount outstanding are subsequently measured at fair value. Fair value movements are recognized in other comprehensive income.

**- Financial assets at fair value through profit or loss (FVTPL)**

Any financial asset which does not meet the criteria for categorization as financial instruments at amortized cost or as FVTOCI, is classified as financial instrument at FVTPL. Financial instruments included within the FVTPL category are subsequently measured at fair value with all changes recognized in the statement of profit and loss.

**ii) Financial liabilities***Initial recognition and measurement*

Financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

*Subsequent measurement*

For the purpose of subsequent measurement, financial liabilities are classified as:

**- Financial liabilities at amortized cost**

Financial liabilities such as loans and borrowings are subsequently measured at amortized cost using the effective interest rate method. The change in measurements are recognized as finance costs in the statement of profit and loss.

**- Financial liabilities at fair value through profit or loss (FVTPL)**

Financial liabilities include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss if the recognition criteria as per Ind AS 109 are satisfied. Gains or losses on liabilities held for trading are recognized in statement of profit and loss. Fair value gains or losses on liabilities designated as FVTPL attributable to changes in own credit risk are recognized in other comprehensive income. All other changes in fair value of liabilities designated as FVTPL are recognized in the statement of profit and loss. The Company has not designated any financial liability as at FVTPL.

**iii) Impairment****i) Financial assets**

The Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on financial assets measured at amortized cost and financial assets that are debts instruments and are measured at fair value through other comprehensive income (FVTOCI). ECL is the difference between contractual cash flows that are due and the cash flows that the Company expects to receive, discounted at the original effective interest rate.

For trade receivables, the Company recognizes impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For other financial assets, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used.

**ii) Non-financial assets**

The carrying amounts of Property, Plant and Equipment and Goodwill are reviewed at each balance sheet date or whenever there is any indication of impairment based on internal/external factors. If any indications exist, the Company estimates the asset's recoverable amount.

Recoverable amount of intangible under development that is not yet available for use is estimated at least at each financial period / year end even if there is no indication that the asset is impaired.

An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's fair value and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

**(g) Borrowing costs**

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction or development of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the year they occur.

**(h) Leases*****Where the Company is a lessee***

Leases that transfers substantially all the risks and rewards incidental to ownership to the Company are classified as finance leases.

Finance leases are capitalized at the lower of the inception date fair value of the leased assets and the present value of the minimum lease payments.

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases.

Operating lease payments are recognized as an expense in the statement of profit and loss as per the terms of the lease agreements.

**(i) Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable taking into account the amount of any trade discounts and volume rebates allowed by the Company. Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

**(i) Income from software services**

Revenue from time and material engagements is recognized on time proportion basis as and when the services are rendered in accordance with the terms of the contracts with customers.

In case of fixed price contracts, revenue is recognized based on the milestones achieved as specified in the contracts, on proportionate completion basis.

Revenue from royalty is recognized in accordance with the terms of the relevant agreements.

Revenue from maintenance contracts and subscription is recognized on a pro-rata basis over the period of the contract.

Revenue from licensing of software and sale of products is recognized upon delivery.

Unbilled revenue represents revenue recognized in relation to work done until the balance sheet date for which billing has not taken place.

Unearned revenue represents the billing in respect of contracts for which the revenue is not recognized.

The Company collects service tax and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue.

**(ii) Interest**

Interest income is recognized on a time proportion basis taking into account the carrying amount and the effective interest rate. Interest income is included under the head 'Other income' in the statement of profit and loss.

**(iii) Dividend**

Dividend income is recognized when the Company's right to receive dividend is established by the reporting date. Dividend income is included under the head 'Other income' in the statement of profit and loss.

**(iv) Foreign currency translation****(i) Foreign currency transactions and balances*****Initial recognition***

Foreign currency transactions are recorded in the respective functional currencies of the entities in the Company, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

***Conversion***

Foreign currency monetary items are reported using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates at the date when the values were determined.

***Exchange differences***

Exchange differences arising on conversion / settlement of foreign currency monetary items and on foreign currency liabilities relating to Property, Plant and Equipment acquisition are recognized as income or expenses in the period/ year in which they arise.

***Forward exchange contracts not intended for trading or speculation purposes, classified as derivative financial instruments***

As per the accounting principles laid down in Ind AS 109 – “Financial Instruments” relating to cash flow hedges, derivative financial instruments which qualify for cash flow hedge accounting are fair valued at balance sheet date and the effective portion of the resultant loss / (gain) is debited / (credited) to the hedge reserve under other comprehensive income and the ineffective portion is recognized to the statement of profit and loss. Derivative financial instruments are carried as forward contract receivable when the fair value is positive and as forward contract payable when the fair value is negative.

Changes in the fair value of derivative instruments that do not qualify for hedge accounting are recognized in the statement of profit and loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, or terminated, or exercised, or no longer qualifies for hedge accounting. Any cumulative gain or loss on the hedging instrument recognized in hedge reserve under other comprehensive income is transferred to the statement of profit and loss when the forecasted transaction occurs or affects profit or loss or when a hedged transaction is no longer expected to occur.

**Translation of foreign operations**

The Company presents the financial statements in INR which is the functional currency of the parent company.

The assets and liabilities of a foreign operation are translated into the reporting currency (INR) at the exchange rate prevailing at the reporting date. Their statement of profit and loss are translated at exchange rates prevailing at the dates of transactions or weighted average rates, where such rates approximate the exchange rate at the date of transaction. The exchange differences arising on translation are accumulated in the foreign currency translation reserve under other comprehensive income. On disposal of a foreign operation, the accumulated foreign currency translation reserve relating to that foreign operation is recognized in the statement of profit and loss.

**(j) Retirement and other employee benefits****(i) Provident fund**

Provident fund is a defined contribution plan covering eligible employees. The Company and the eligible employees make a monthly contribution to the provident fund maintained by the Regional Provident Fund Commissioner equal to the specified percentage of the basic salary of the eligible employees as per the scheme. The contributions to the provident fund are charged to the statement of profit and loss for the period / year when the contributions are due. The Company has no obligation, other than the contribution payable to the provident fund.

**(ii) Gratuity**

Gratuity is a defined benefit obligation plan operated by the Company for its employees covered under Company Gratuity Scheme. The cost of providing benefit under gratuity plan is determined on the basis of actuarial valuation using the projected unit credit method at the reporting date. Remeasurements, comprising of actuarial gains and losses are recognized in full in the statement of other comprehensive income in the reporting period in which they occur. Remeasurements are not reclassified to profit and loss subsequently.

**(iii) Superannuation**

Superannuation is a defined contribution plan covering eligible employees. The contribution to the superannuation fund managed by the insurer is equal to the specified percentage of the basic salary of the eligible employees as per the scheme. The contribution to this scheme is charged to the statement of profit and loss on an accrual basis. There are no other contributions payable other than contribution payable to the respective fund.

**(iv) Leave encashment**

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the reporting date. Remeasurements, comprising of actuarial gains and losses are recognized in full in the statement of other comprehensive income in the reporting period in which they occur. Remeasurements are not reclassified to profit and loss subsequently.

The Company presents the entire leave encashment liability as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for twelve months after the reporting date.

**(v) Long service awards**

Long service awards are other long term benefits to all eligible employees, as per Company's policy. The cost of providing benefit under long service awards scheme is determined on the basis of actuarial valuation using the projected unit credit method at the reporting date.

**(k) Income taxes**

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in statement of profit and loss.

Deferred income taxes reflect the impact of temporary differences between tax base of assets and liabilities and their carrying amounts. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except deferred tax liability arising from initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, affects neither accounting nor taxable profit/ loss at the time of transaction. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses, except deferred tax assets arising from initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, affects neither accounting nor taxable profit/ loss at the time of transaction. Deferred tax assets are recognized only to the extent that sufficient future taxable income will be available against which such deferred tax assets can be realized.

In the situations where the Company is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of temporary differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognized in the period / year in which the temporary differences originate.

The carrying amount of deferred tax asset is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available against which such deferred tax assets can be realized.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

Deferred tax relating to items recognized outside the statement of profit and loss is recognized in co-relation to the underlying transaction either in other comprehensive income or directly in equity.

Minimum alternate tax (MAT) paid in a period / year is charged to the statement of profit and loss as current tax. MAT credit available is recognized as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit

entitlement” asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

**(l) Segment reporting**

In accordance with para 4 of Notified Indian Accounting Standard 108 (Ind AS-108) “Operating Segments” the Company has disclosed segment information only on the basis of consolidated financial statements which are presented together with the unconsolidated financial statements.

**(m) Earnings per share (EPS)**

Basic earnings per share are calculated by dividing the net profit for the period / year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period / year. The weighted average number of equity shares outstanding during the reporting period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares), if any occurred during the reporting period, that have changed the number of equity shares outstanding, without a corresponding change in resources. Further, the weighted average number of equity shares used in computing the basic earnings per share is reduced by the shares held by PSPL ESOP Management Trust at the balance sheet date, which were obtained by subscription to the shares from finance provided by the Company.

For the purpose of calculating diluted earnings per share, the net profit for the period / year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period / year, are adjusted for the effects of all dilutive potential equity shares.

The number of shares and potential dilutive equity shares are adjusted retrospectively for all periods presented for any bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

**(n) Provisions**

A provision is recognized when the Company has a present obligation as a result of past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on the best estimate required to settle the obligation at the reporting date. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability. These estimates are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

**(o) Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

**(p) Cash and cash equivalents**

Cash and cash equivalents in the cash flow statement comprises of cash at bank, cash in hand and short term deposits with an original maturity period of three months or less.

**(q) Employee stock compensation expenses**

Employees of the Company receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for equity instruments granted (equity-settled transactions).

In accordance with Ind AS 102 – “Share Based Payments”, the cost of equity-settled transactions is determined by the fair value of the options at the date of the grant and recognized as employee compensation cost over the vesting period. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company’s best estimate of the number of equity instruments that will ultimately vest.

The expense or credit recognized in the statement of profit and loss for a period / year represents the movement in cumulative expense recognized as at the beginning and end of that period / year and is recognized in employee benefits expense. In case of the employee stock option schemes having a graded vesting schedule, each vesting tranche having different vesting period has been considered as a separate option grant and accounted for accordingly.

Where the terms of an equity-settled transaction award are modified, the minimum expense recognized is the expense as if the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total intrinsic value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

The employee stock option expenses in respect of the employees of the subsidiaries are charged to the respective subsidiary.

**b) Terms / rights attached to equity shares**

The Company has only one class of equity shares having a par value of ₹10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

During the quarter ended June 30, 2016, the amount of per share interim dividend recognized as distributions to equity shareholders is ₹ Nil [(Previous period: ₹ Nil, Previous year: ₹ 8 (post-bonus issue)].

During the year ended March 31, 2016, the amount of per share final dividend recognized as distributions to equity shareholders was ₹ Nil.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

- c) Aggregate number of bonus shares issued, shares issued for consideration other than cash and shares bought back during the period of five years immediately preceding the reporting date

**29. Financial assets and liabilities**

The carrying values of financial instruments by categories are as follows:

Financial assets/ financial liabilities	Basis of measurement	Carrying value as at (In ₹ million)			Fair value hierarchy
		30-Jun-16	30-Jun-15	31-Mar-16	
<b>Assets:</b>					
Investments in subsidiaries and associates	Cost	2,084.14	1,006.93	1,416.14	
Investments in other equity instruments	Fair value	6.00	6.00	6.00	Level 3
Investments in government securities	Amortised cost	719.77	805.19	626.68	
Investments in mutual funds	Fair value	5,045.38	6,316.48	5,640.25	Level 1
Loans	Amortised cost	92.86	388.36	79.41	
Deposit with banks and financial institution	Amortised cost	960.46	541.35	906.17	
Cash and cash equivalents and balances with other banks	Amortised cost	192.50	237.10	500.47	
Trade receivables	Amortised cost	4,525.92	2,703.08	3,815.07	
Forward contracts	Fair value	114.08	78.73	164.40	Level 1
Share application money pending allotment	Cost	203.43	222.71	668.00	
Other advances	Amortised cost	49.56	41.87	40.84	
<b>Total</b>		<b>13,994.10</b>	<b>12,347.80</b>	<b>13,863.43</b>	
<b>Liabilities:</b>					
Borrowings	Amortised cost	32.88	33.22	32.68	
Trade payables and deferred payment liabilities	Amortised cost	832.41	268.84	1,055.67	
Other financial liabilities	Amortised cost	100.93	135.69	107.62	
<b>Total</b>		<b>966.22</b>	<b>437.75</b>	<b>1,195.97</b>	

**Fair value hierarchy:**

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**Persistent Systems Limited**

Notes forming part of condensed financial statements

**30. First-time adoption of Ind-AS**

These condensed financial statements, for the quarter ended June 30, 2016, are the first financial statements the Company has prepared in accordance with Ind-AS. For periods up to and including the year ended March 31, 2016, the Company prepared its financial statements in accordance with statutory reporting requirements in India immediately before adopting Ind AS ('previous GAAP').

Accordingly, the Company has prepared condensed financial statements which comply with Ind-AS applicable for period ending on June 30 2016, together with the comparative period data as at and for the period/ year ended June 30, 2015 and March 31, 2016. In preparing these condensed financial statements, the Company's opening balance sheet was prepared as at April 1, 2015, the Company's date of transition to Ind-AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at April 1, 2015 and the financial statements as at and for the period / year ended June 30, 2015 and March 31, 2016.

**Exemptions applied**

Ind AS 101 allows first-time adopters certain optional exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following optional exemptions:

**A. Share based payment transactions**

The Company has not applied Ind AS 102, "Share based payment" to equity instruments that vested before the date of transition to Ind AS i.e. April 1, 2015. Accordingly, equity instruments that have vested prior to April 1, 2015 have not been fair valued.

**B. Deemed cost**

The Company has elected to measure the carrying value for all of its Property, Plant and Equipment as per the previous GAAP and use that as its deemed cost as at the date of transition to Ind AS i.e. April 1, 2015.

**Explanation of transition to Ind AS**

The below mentioned reconciliations provide a quantification of the effect of significant differences arising from the transition from Indian GAAP to Ind AS in accordance with Ind AS 101 for the following:

- equity as at April 1, 2015
- equity as at June 30, 2015
- equity as at March 31, 2016
- Profit for the quarter ended June 30, 2015
- Profit for the year ended March 31, 2016

There are no material adjustments to the cash flow statements.

In the reconciliations mentioned above, certain reclassifications are made to Indian GAAP financial information to align with the Ind AS presentation.

**Notes**
**Note 1**

Under Indian GAAP, the expenditure and corresponding liability for escalation of lease rent during non-cancellable lease period is required to be considered and total lease rent payable during non-cancellable lease period is recognized on straight line basis over the non-cancellable lease period. Under Ind AS, this additional expenses and corresponding liability on lease escalation is not required to be recognized if such escalation represents normal inflation in the economy. Accordingly, the excess expenses and corresponding lease escalation liability is reversed. The impact arising on this change is summarized as follows:

Particulars	(In ₹ Million)		
	1-Apr-15	30-Jun-15	31-Mar-16
<b>Statement of profit and loss</b>			
Other expenses - Rent	-	(6.74)	(19.17)
<b>Balance sheet</b>			
Trade payables	(29.89)	(36.63)	(49.06)
Adjustment to retained earnings	29.89	-	-

**Note 2**

Under Indian GAAP, a liability is recognized in respect of proposed dividend on Company's equity shares, even though the dividend is expected to be approved by the shareholders subsequent to reporting date. Under Ind AS, the liability for dividend is recognized only when it is approved by the shareholders. The impact arising on this change is summarized as follows:

Particulars	(In ₹ Million)

Provision for income tax (net) of ₹ 58.53 Million as at June 30, 2015 have been reclassified from short term provisions to Current tax liabilities (net) in accordance with Ind AS compliant Schedule III.

Financial liabilities of ₹ 139.36 million as at June 30, 2015 and ₹ 113.39 million as at March 31, 2016 have been reclassified from other current liabilities to other current financial liabilities in accordance with Ind AS compliant Schedule III.

**Note 3**

Under Indian GAAP, the long-term investments (investments in equity shares and mutual funds) are stated at cost as reduced by the permanent diminution in value of investment, if any. The short-term investments (current portion of mutual funds) are stated at lower of cost and market value. Under Ind As, the investments in mutual funds and equity shares are stated at their fair values. The impact arising on this change is summarized as follows:

Particulars	(In ₹ Million)		
	1-Apr-15	30-Jun-15	31-Mar-16
<b>Statement of profit and loss</b>			
Other income	-	(38.13)	(14.17)
<b>Balance sheet</b>			
Non-current investments - Mutual Funds	163.63	161.81	104.15
Current investments - Mutual Funds	41.48	5.17	86.81
Adjustment to retained earnings	205.11	-	-

Interest accrued on investments of ₹ 29.43 million as at June 30, 2015 and ₹ 17.22 million as at March 31, 2016 has been reclassified to non-current investments from other non-current assets and other current assets.

(This space is intentionally left blank)

**Persistent Systems Limited****Notes forming part of condensed financial statements****Note 4**

Under Indian GAAP, the long-term security deposits are recognized at the transaction value. Under Ind AS, the long-term security deposits (financial assets) are recognized at the fair value under amortized cost method. The difference between the fair value and the transaction value is considered as prepaid rent and amortized over the period of lease. The finance income is recognized on the amortized cost of security deposits for the reported period. The impact arising on this change is summarized as follows:

Particulars	(In ₹ Million)		
	1-Apr-15	30-Jun-15	31-Mar-16
<b>Statement of profit and loss</b>			
Other expenses (Rent)	-	0.59	2.72
Other income (Finance income)	-	0.51	2.39
<b>Balance sheet</b>			
Non current loans - Security deposits	(15.03)	(18.34)	(16.02)
Other non current assets (Advances recoverable in cash or kind or for value to be received)	13.57	16.81	14.55
Adjustment to retained earnings	(1.46)	-	-

Inter corporate deposits of ₹ 0.44 million as at June 30, 2015 and Rs. ₹ 0.33 million as at March 31, 2016 has been reclassified from other non-current assets to Non-current loans in accordance with Ind AS compliant Schedule III.

**Note 5**

Under Indian GAAP, the actuarial gain / loss on defined benefit obligations and plan assets is recognized as employee benefit expenses in the statement of profit and loss. Under Ind AS, such actuarial gain / loss is recognized under other comprehensive income and classified as equity. The impact arising on this change is summarized as follows:

Particulars	(In ₹ Million)		
	1-Apr-15	30-Jun-15	31-Mar-16
<b>Statement of profit and loss</b>			
Employee benefit expenses	-	74.21	182.88
<b>Balance sheet</b>			
Other comprehensive income	-	74.21	182.88

**Note 6**

Under Indian GAAP, the Employee stock compensation expenses are recognized at the intrinsic value as on the date of grant. Further, the Employee stock compensation expenses related to employees of subsidiaries are recognized in the books of holding company only. Under Ind AS, the Employee stock compensation expenses are recognized at the fair value as on the date of grant and the Employee stock compensation expenses related to employees of subsidiaries are recognized in the books of respective subsidiary companies. The fair valuation is made for the shares not vested as on March 31, 2015. The net impact arising on these adjustments is summarized below:

Particulars	(In ₹ Million)		
	1-Apr-15	30-Jun-15	31-Mar-16
<b>Statement of profit and loss</b>			
Employee benefit expenses	-	3.76	16.08
<b>Balance sheet</b>			
Other current financial assets - Advance to related parties	12.92	12.91	13.50
Employees share options outstanding account	74.29	76.36	75.75
Adjustment to retained earnings	(61.37)	-	-

Further, following reclassifications related to current assets have been made to other current financial assets as per Ind AS compliant format of the financial statements:

Particulars	(In ₹ Million)		
	30-Jun-15	31-Mar-16	Old schedule name
Loan to related parties	(318.20)	-	Short term loans and advances
Advances recoverable in cash or kind or for value to be received	(258.90)	(258.11)	Short term loans and advances
VAT receivable (net)	(49.38)	(52.50)	Short term loans and advances
Service tax receivable (net)	(76.05)	(128.71)	Short term loans and advances
Deposits - Short term loans and advances	(6.64)	(5.78)	Short term loans and advances
Forward contracts receivable	78.73	164.40	Other current assets
<b>Total</b>	<b>(630.44)</b>	<b>(281.70)</b>	

**Persistent Systems Limited****Notes forming part of condensed financial statements****Note 7**

Under Indian GAAP, the long-term investments (investments in equity shares and mutual funds) are stated at cost as reduced by the permanent diminution in value of investment, if any. The short-term investments (current portion of mutual funds) are stated at lower of cost and market value. Under Ind As, the investments in mutual funds and equity shares are stated at their fair values. The impact arising on this change on deferred tax is summarized as follows:

Particulars	(In ₹ Million)		
	1-Apr-15	30-Jun-15	31-Mar-16
<b>Statement of profit and loss</b>			
Deferred tax asset	(70.99)	(57.79)	(66.09)
<b>Balance sheet</b>			
Deferred tax charge / (credit)		(13.20)	(4.90)
Adjustment to retained earnings	70.99	-	-

Further, the tax effects of the items presented in other comprehensive income amounting to ₹ 8.39 million for the quarter ended June 30, 2015 and ₹ 30.77 million for the year ended March 31, 2016 have been reclassified to other comprehensive income from the statement of profit and loss.

**Note 8**

Under Indian GAAP, the amount of upfront premium paid for the leasehold land is classified under tangible assets if the lease is for the significantly longer period. However, such upfront premium on leasehold land is classified as prepaid expenses under Ind AS. Further, amortization of upfront lease premium is reclassified from depreciation and amortization expenses to rent. The net impact arising on these adjustments is summarized below:

Particulars	(In ₹ Million)		
	1-Apr-15	30-Jun-15	31-Mar-16
<b>Statement of profit and loss</b>			
Depreciation and amortization expense	-	(0.11)	(0.52)
Other expenses - Rent	-	0.11	0.52
<b>Balance sheet</b>			
Other non current assets (Advances recoverable in cash or kind or for value to be received)	36.56	36.45	39.24
Property, plant and equipments	(36.56)	(36.45)	(39.24)

(This space is intentionally left blank)

31. The financial statements are presented in ₹ million and decimal thereof except for per share information or as otherwise stated.
32. Previous period's / year's figures have been regrouped where necessary to conform to current period's classification.
